# In Case of Emergency

POORNA BELL

**Smart, incisive and laugh-out-loud funny, *In Case of Emergency* is the brilliant debut novel by award-winning journalist Poorna Bell. For fans of Dolly Alderton and Dawn O'Porter.**

Bel Kumar wakes up in hospital surprised and confused.

Surprised to be told she had a near-fatal accident outside work. And confused as to why her ex-boyfriend is by her bedside.

Bel's HR record still lists her ex as her next of kin, but she can't think of a less appropriate person to nurse her back to health.

But who can she turn to in a crisis? Over-invested parents? A sister whose life has turned out perfectly? Friends she exchanges dating woes with over cocktails?

If this experience has taught Bel anything, it's that she should reconnect with the most important people from her past. But that's going to be easier said than done because Bel has never been good at asking for help.

And she's doing just fine on her own . . . Isn't she?

DAVID JASON

**'Merry Christmas, you plonkers' – the warmest and funniest memoir yet from the million-copy bestselling national treasure.**

'Think of this memoir as a Christmas special in book form, from someone who has been involved in a few of those and understands a bit about the concept. But a Christmas special very much like *Only Fools and Horses*, in the sense that the stories will be always heading outwards, ranging far and wide and well beyond the traditional festive gags involving giblets left in turkeys.

As I sift through various festive-related episodes in my career, I'll be doing my best to reach any relevant conclusions about life, work and the meaning of it all that I can usefully pass on to you – baubles of wisdom if you like. Or certainly baubles. You'll learn why I have the perfect face to play Scrooge. And if you're lucky I'll also share what it's like to fly in a helicopter with my old mucker Tom Cruise. PAUL NEWMAN

***The Extraordinary Life Of An Ordinary Man* is revelatory and introspective, personal and analytical, loving and tender in some places, always complex and profound.**

Perhaps the most moving material in the book centres around his relationship with Joanne Woodward – their love for each other, his dependence on her, the way she shaped him artistically, intellectually, emotionally, and sexually.

**Paul Newman** was an American actor, film director, race car driver, and entrepreneur. Ten-time Oscar nominee, his major film roles included *Cool Hand Luke* and *Butch Cassidy and the Sundance Kid*. Newman won an Academy Award for Best Actor for *The Color of Money*. MARGARET WEIS AND  
TRACY HICKMAN

**The first new Dragonlance novel from Margaret Weis and Tracy Hickman in over a decade, featuring fan-favourite characters from the iconic first two trilogies, Dragonlance Chronicles and Dragonlance Legends – books that brought a generation of readers into the fantasy fold.**

Destina Rosethorn – as her name implies – believes herself to be very much a favoured child of destiny. But when her father dies in the War of the Lance, her carefully-constructed world comes crashing down. Not only has she lost her beloved father, but the legacy he has left her: a wealthy fiancé and rule over the family lands and castle. With nothing left in the world to support her but wits and determination, she hatches a bold plan: to secure the Device of Time Journeying she read about in one of her father's books and prevent her father's death.

The last known holder of the Device was one of the Heroes of the Lance: the free-spirited kender, Tasselhoff Burrfoot. But when Destina arrives in Solace – home not only to Tas, but to fellow heroes Caramon and Tika Majere – she sets into motion a chain of events more deadly than she had ever anticipated: one that could change not only her personal history, but the fate of the entire world, allowing a previously-defeated evil to once more gain ascendancy.

The one thing you never talk about while you're in the Scholomance is what you'll do when you get out – not even the richest enclaver would tempt fate that way.

But that impossible dream has somehow come true for El and her classmates. And what's more, she didn't even have to become the monstrous dark witch she's prophesised to become to make it happen. Instead of killing enclavers, she saved them, and now the world is safe for all wizards. Peace and harmony have enveloped all the enclaves of the world.

Just kidding.

Instead, someone else has picked up the project of destroying enclaves in El's stead, and everyone she saved is at risk again with a full-scale enclave war on the horizon. # Lore Olympus Volume Three

RACHEL SMYTHE

**Witness what the gods do after dark in the third volume of a stylish and contemporary reimagining of one of the best-known stories in Greek mythology, featuring a brand-new, exclusive short story from creator Rachel Smythe.**

All of Olympus – and the Underworld – are talking about the God of the Dead and the sprightly daughter of Demeter. But despite the rumours of their romance, Hades and Persephone have plenty to navigate on their own.

Since coming to Olympus, Persephone has struggled to be the perfect maiden goddess. Her attraction to Hades has only complicated the intense burden of the gods' expectations. And after Apollo's assault, Persephone fears she can no longer bury the intense feelings of hurt and love that she's worked so hard to hide.

As Persephone contemplates her future, Hades struggles with his past, falling back into toxic habits in Minthe's easy embrace. With all the mounting pressure and expectations – of their family, friends and enemies – both Hades and Persephone tell themselves to deny their deepest desires, but the pull between them is too tempting, too magnetic. It's fate.

**Rachel Smythe** is the creator of the Eisner-nominated *Lore Olympus*, published via Webtoon.

## CHUCK WENDIG

**The thrilling sequel to the bestselling *Wanderers*, a 'career-defining epic [that] deserves its inevitable comparisons to Stephen King's *The Stand*' (PUBLISHERS WEEKLY).**

Five years ago, they walked across America to a destination only they knew. The sleepwalkers, as the rest of the country named them, were followed by their shepherds: friends and family who gave up everything to protect them.

They finally stopped in Ouray, a small town in Colorado that would become one of the last outposts of human civilisation. Because the sleepwalking epidemic was just the first in a chain of events that led to the end of the world – and the birth of a new one.

The shepherds and the sleepwalkers, now awake, strive to rebuild the world that was taken from them. Among them are Benji, the scientist struggling through grief to lead; Marcy, the former police officer who just wants to protect those she loves; and Shana, the first to become a shepherd and whose bravery is sorely needed.

**Chuck Wendig** is the *New York Times* bestselling author of *Star Wars: Aftermath*, as well as the Miriam Black thrillers, the Atlanta Burns books, and *Zer0es* and *Invasive*, alongside other works across comics, games, film and more. He was a finalist for the Astounding Award for Best New Writer and an alum of the Sundance Screenwriters Lab, and he served as the co-writer of the Emmy-nominated digital narrative, *Collapsus*. He is also known for his popular blog, *Terribleminds*, and books about writing, such as *Damn Fine Story*.
