

## Make your art full of heart

In Ed Vere's picture book *The Artist*, one little artist sees the joy and the beauty in the world. Her head is full of colours, feelings, moods and dreams and her art is full of heart.

What do you think is beautiful in the world? What makes you feel happy? Draw some of your feelings and dreams in and around this heart shape.

## Colour outside the lines

In Ed Vere's picture book *The Artist*, the little artist goes on an adventure to share her pictures with the world. She draws and paints all over the big city and learns that making mistakes doesn't matter.

Help the little artist to colour in this picture and add some drawings of your own. Have fun and experiment with colouring outside the lines
